Campaign in Defence of Federalism and for Abolition of Governor's Post

The National executive committee of the CPI has called on the democratic forces to rally together to defend the federal structure of the country. The party alerted the nation about the move of the RSS controlled government to undermine the constitutional foundations. The office of the Governor is being misused for this purpose, guided by the RSS ideology of centralisation. In states like Kerala, Tamil Nadu, Telangana, etc. the Raj bhavans are made to act as camp office of the BJP. In this background the CPI believes that the time has come to demand the abolition of the office of the Governor. **On this issue the NEC of the CPI calls up on the Party units all over the country to observe December 29th as 'Defend Federalism Day', the state councils would plan various campaigns on that day.**
